Retail_Sales_All

This file is part of paid data package A and can be generated weekly, monthly, or quarterly depending on the subscribed frequency. It is a summary of all BCCS product sales, both BCCS brick and mortar as well as ecommerce combined.

Column A: CUSTOMERNUM

Your Cannabis Sales Data license number responsible for this data.

Column B: REPORT_TITLE

Includes both the date and license associated with the generated data.

Column C: Week Start Date / Month Start Date / Quarter Start Date

The start date for the data presented. Differs based on report frequency.

Column D: Week End Date / Month End Date / Quarter End Date

The end date for the data presented. Differs based on report frequency.

Column E: SKU

The BLCDB unique identifier (SKU number) for each product.

Column F: Product Name

The short name for each product (40-character limit).

Column G: Category

The BCLDB hierarchy for this product. Highest level.

Column H: Subcategory

The BCLDB hierarchy for this product. Second level.

Column I: Class

The BCLDB hierarchy for this product. Third level.

Column J: Brand Name

The brand name of the product.

Column K: Vendor Name

The vendor responsible for registering this product.

Column L: Vendor Number

The vendor site number with the BCLDB.

Column M: Retail Life Cycle

The BCCS Retail Lifecycle Status for each item.

Column N: SU Consumer Item Size

Selling unit consumer item size. For a 3 x 0.5g pre-roll pack, this would be "0.5".

Column O: SU Consumer Item Size Unit of Measure

Unit of measure for the selling unit consumer item size.

Column P: SU Product Net Size

Selling unit product net size. In a 3x0.5g pre-roll pack, this would be "1.5".

Column Q: SU Product Net Size Unit of Measure

Unit of measure for the selling unit product net size.

Column R: Sales

The sales dollar totals for units sold in the reporting period outlined in earlier columns C and D for start and end dates. This includes both BCCS brick-and-mortar as well as ecommerce.

Column S: Sell Units

The number of retail units sold in the reporting period outlined in earlier columns C and D for start and end dates. This includes both BCCS brick-and-mortar as well as ecommerce.

Column T: Grams

The dried cannabis equivalency of units sold in the reporting period outlined in earlier columns C and D for start and end dates. This includes both BCCS brick-and-mortar as well as ecommerce.
